STATEMENT UNDER 37 CFR § 1.97 and  
§ 1.98

Commissioner for Patents  
Washington, D.C. 20231

Sir:

The references cited on attached form PTO-1449 are being called to the attention of the Examiner. A copy of the non-US patent reference is enclosed. Pursuant to 37 CFR 1.98, copies of US patents and published applications are not enclosed because the application was filed after June 30, 2003. Also, enclosed is a copy of International Search Report for corresponding International Application No. PCT/US 03/21998. Note that two of the references cited in the international search report (PCT application WO98/37949 and U.S application 6,045,757) were cited in a previous Information Disclosure Statement filed August 6, 2003 in connection with this application. It is respectfully requested that the cited information be

expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

As provided for by 37 CFR 1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

Applicant believes that no fee is required for submission of this statement, since it is being submitted prior to the first Office Action. However, if a fee is required, the Commissioner is authorized to deduct such fee from the undersigned's Deposit Account No. 50-2852. Please deduct any additional fees from, or credit any overpayment to, the above-noted Deposit Account.
